

Infective Endocarditis 2021

GSTT Endocarditis Team: Annual Case Review: 1
12 May 09:00-10.05

Aims: *The aims of this meeting are to review endocarditis cases from the network over the last 12 months and to provide feedback as to the clinical course of these patients. Relevant microbiological, imaging and surgical discussions will be included for each case. It is anticipated that this will be a biannual meeting.*

09:00-09:10	Introduction to the endocarditis team:	John Klein
09:10-09:25	Case 1: Fulminant endocarditis:	Ronak Rajani
09:25-09:40	Case 2: Timing is everything:	Ronak Rajani
09:40-09:55	Case 3: The root of despair:	Gianluca Lucchese
09:55-10:05	Conclusions:	Bernard Prendergast
