

# Do you have sickle cell disorder?

# Do you want to support children and young people living with sickle cell disorder?

There is an exciting, flexible, and paid opportunity to join the team at Sickle Cell Society as a mentor to support the health and wellbeing of young people living with sickle cell disorder across South East London.

The aim of the programme is to support young people by:

- ✓ providing **emotional support**
- ✓ improving **understanding and management of the condition**
- ✓ improving ability to **negotiate transition from paediatric to adult services**
- ✓ encouraging **involvement in volunteering and engagement with their local community** to support others with the condition.
